Desperate Plea to the American People Not to Allow the Tea Party and Republican Party Coalition to "Take Back the US Congress" in the 2010 Mid-Term Election from the Grantee of the 2007 and 2009 European Union Humanitarian Grant (EUHG)

As the legal administrative representative of the Grantee of the 2007 and 2009 European Union Humanitarian Grants (EUHG) gift to pay the fee and award totaling over 2.3 M Euros as the BRCA (Blacqendian Royal Coop Association), Inc. *Founder and Director*.; I George W. Singleton, III [BA., HD., DD.] am in a unique position to make a **Desperate Plea to the People of the United States of America that care about their country continuing to be the leader of the free world as the planet's foremost economic and military power with a civilization based on the human principles of truth, justice, equality, integrity and sustainability **not to allow the Tea Party and Republican Party Coalition to "Take Back the US Congress" in the 2010 Mid-Term Election.****

Ever since the Republican Party repealed the Bill Clinton Presidential Administration legislated 1993 Religious Freedom Restoration Act (RFRA) in June, 1997 I have been subjected to constant genocidal attacks by the US Federal Government and its State Agents as part of an expanded targeted Drug War as I am a Rastafarian High Priest. Being that my life's work after graduation from the University of Chicago (1970) has been in *poverty abatement and reduction* it is clear to me these expanded Drug War human rights abuses by the American government and its state agents are because of my vital development work on the American Health National Security Issue as to why America's health care system is the most expensive in the world but performs as a undeveloped country one in regards the *chronic diseases and syndromes* and inner city child birth maternal and infant death.

The White/Blue/Red/Green Paper series was submitted to the executive and legislative branches of American government as the first objective of my 2007 EUHG funded "OBP" ISEDD Project, Inc. <www.theuniversityofgod.org/Page18.html> to assist the American government to approve a comprehensive health care system reform. Additionally, it was instrumental in American Ex-President Bill Clinton's vegan lifestyle change and subsequent loss of 24 pounds and complete reversal of his cardiovascular disease announced 9/20/2010 on CNN Wolf Blitzer's Show.

Consequently, it is charged that the Drug War has been waged by the Republican Party as a socio-political economic weapon against *change agents* like myself with the objective of taking my assets and destabilizing my personal family and organizational endeavors as I am the "enemy." I have had to watch helplessly without recourse as my assets have been illegally confiscated by these post-RFRA Drug War rationalized human rights violations.

Under the George Bush Jr. Presidential Administration I became a Drug War "illegal combatant" where I could not receive legal counsel and my human including civil, organizational, property and religious rights have been constantly violated with US DOJ Attorney General *Executive Orders* issued allowing the FBI, DEA and other federal Drug War government participants immunity against any court proceedings. In addition, because the Republican Party has historically blocked America from signing the United Nations Human Rights Treaty; my 2006 request to the UN Office of the High Commissioner for Human Rights for help could not be honored as seen from the attached letter.

Thus I have no recourse even in the United Nations and must resolve my human rights abuses with this desperate plea to the American People to curb and censure the Republican Party from using its government control to further abuse me.

As documented on <http://www.theuniversityofgod.org/Page22.html> the following is a sample of the most egregious human rights violations against me and my family carried out by the Republican controlled US Government and its state agents:

- 1.) 1998 ___ 2 day Craig County, OK. 2 day jury trial dismissed from lack of evidence on Driving Under the Influence (DUI) of the culinary herbs Mullein and Rosemary.
- 2.) 1999 ___ \$1 M USD Grant Application and proposal to the Rudolph Steiner Foundation in *sustainable agro-forestry* denied because of the 1998 Craig County, OK. Trial.
- 3.) 2004 ___ the US State Department and Bangladesh US Consulate deny 33 visa applications of AID-Camilla, Inc. of Bangladesh staffers to attend a *sustainable economic development* training in America at BRCA, inc. headquarter monastery costing BRCA, Inc. a loss of \$33,000 in training fee losses on the grounds the post graduate trainees using English as their second languages did not speak English well enough.
- 4.) 2005 ___ the US/DOJ/FBI allows the former BRCA, Inc. *Treasurer* Edward Rogell to initiate a Indiana Court suit using an obvious phony deed to takeover the BRCA, Inc. monastery headquarters although the "deed" was illegally transmitted interstate by fax and had a fax stamp conflict invalidating its Marion County, IN. Recording Office filing legitimacy.
- 5.) 2006 ___ the BRCA, Inc., *VP*. Thomas C. Graham commits suicide after being scammed by agent Phillip Butler working in coordination with the US/DOJ FBI.
- 6.) 2008 ___ the BRCA, Inc. *Treasurer* Michael C. Hall is handcuffed in the Chase Bank Branch Lobby trying to deposit the first \$310,000 2007 EUHG gift to pay the fee check as the US/DOJ/FBI slanders me that the good and valid check is "stolen" being confiscated by the Indianapolis IN. Metropolitan Police Department as part of the 1/28/2008 IMPD Fraud Investigation Case # PD08014966.
- 7.) 2008 ___ my Mother Sarah Louise Ervin Hall is by court order removed from our apartment on the grounds I was abusing her with the vegetarian diet prescribed for her full mastectomy breast cancer and blood toxemia leading to an acute gall bladder attack and removal surgery and her eventual latrogenic Death and Poverty from the animal meat diet she is forced to eat.
- 8.) 2009 ___ the Great Britain government blocks 2 loans designed to raise the 2007 EUHG fee preventing my full participation in the United Nations Millennium Project.

It is asked that this document be promulgated to the American people in all ways possible especially likely to allow them to know that the Republican Party is inhumane and rejects the science of truth embracing mythologies and policies harming the environment, Drug War targeted groups, the Indigent from poverty and immigrants and deserve 2010 Mid-Term election rejection across America.
