Suppression of

The Purple Seal: Breaking the Plague of Chronic Diseases and Syndromes: "The Great Pathophysiological Ramifications" of the Metabolisms of Animal Dietary Cholesterol, Bile Acid, DNA, Protein and Fat in the *Aboriginal* Vegan Genome Human Body

We are currently struggling with the fascist forces that are still so strong in America that jobs are being withheld from the people in order to try and unseat the incumbent brilliant **Presidency of Barack Obama** in 2012 via the troubled economy strategy that our *Internet Merchant Agreement Service Contracts* to accept credit cards on our web site <http://www.theuniversityofgod.org.html> have been sabotaged the last 9 months!!! We are still working on correcting this.

This of course reflects that fact that "**The Purple Seal**" is in the top 10 e-Books that are dangerous to the continued existence of the exploitative Babylon control of earth which will be lost in 2012!!

As you may not know its precursor the "**Green Paper**" freely downloadable from <http://www.theuniversityofgod.org/Page8.html> was faxed to Former American President **Bill Clinton** on 7/06/2010. On 9/20/2010 less than 90 days the **Former President** announced on **CNN Wolf Blitzer Interview** he had loss 22 pounds and totally reversed his cardiovascular heat condition as we advised him without surgery via the vegan lifestyle change!!! You can link to the video of this interview from web page 8 cited.
