

BOOKS OF THOTH (HERMES) (42)

exoterically the text books of the **ANNU SACRED SCIENCE AND CULTURE** of Ancient Egyptian/*Kemit*, the Greek copy last in the possession of Roman Catholic Archbishop Clement of Alexandria now “lost” in the **Pope’s Vatican Library**; and **esoterically** the 42 text books of the Ancient Egyptian Mystery **SCHOOL OF ON (ANNU)** and the various types of student priests were described by Roman Catholic Archbishop Clement of Alexandria in his 320 AD, writings as follows:

“**Two books** containing hymns honoring the gods and regulations for the king’s life, placed in the hands of the **Chanter.**”

“**Four books** dealing with the stars. one regarding moving stars, the other about the conjunction of the sun and moon. the other two respecting their risings, confided to the **Astronomer** whose symbols are a clock and a palm branch.”

BOOKS OF THOTH (HERMES) (42) (continued)

"**Eight books** dealing with knowledge of what are called hieroglyphics and including cosmography, geography, the positions of the sun and moon, the phases of the five planets, the chorography of Egypt, the charting of the Nile and its phenomena, a description of the equipment of the temples and of the places consecrated to them and information regarding the measures of all that is used in the sacred rites. These books are entrusted to the care of the **Scribe**, His head is decorated with feathers and in his hand he holds everything necessary for writing: inkwell, palette. and the reed with which they write."

"**Two books** on the art of teaching and the art of marking young sacrificial victims are entrusted to the **Stolist** or keeper of sacred vestments."

"**Ten books** which relate to the cult of the gods and precepts of worship; that is, to the sacrifice of first-fruits, hymns, praises, ceremonies and festival days." **Note a "Ritual" Priest.**

"**Ten books** called 'hieratic' containing everything concerning the laws of the gods, the administration of the State and of the cities, and the whole of the training of priests. It is the **Prophet** who takes care of them and knows what is in them. These six -& - thirty works contain the entire philosophy of the Egyptians."

"**Six volumes** dealing with medical subjects, treating of the structure of the body and its diseases. of the organs and of the remedies and also about the eyes and lastly knowledge concerning the female organs." **Note a Physician" Priest.**

"Such, to speak briefly, is the science of the Egyptians."
