

#### 4. “Sphinx\HU Stela of Master Pharaoh Thuthmose IV”

UPPER PORTION OF THE SPHINX STELA OF GIZAH OF PHARAOH THUTHMOSE IV  
(from RA Schwaller De Lubicz, *Sacred Science: The King of Pharonic Theocracy*, Fig.11, pg 97)

#### EXHIBIT NOTES:

- **Exoterically** “..... in line 9 of its inscription, the granite stela of Pharaoh Thuthmose IV, which stands between the paws of the Sphinx/HU and refers to the Sphinx itself as ‘*Hor-em-Akhet-Kherpri-Re-Atum*,’ and subsequently in line 13 as ‘*Atum-Hor-em-Akhet*’ { }.” (Hancock and Bauval, [Ibid.](#), pg. 161)
- **Esoterically** Pharaoh Thuthmose IV is represented as deified being a Sphinx/HU and thus as an Aten Path initiate merged with the Third Plane Sun God Ra-Heru-Aakhuti. Note that the Sphinx/HU sits atop the **Body Tomb** and that the **Winged Aten** dominates the whole relief.
